

**SCIENCE VOCABULARY TRANSLATOR:**  
**MIDDLE SCHOOL- ENGLISH/FRENCH**

**A**

adaptation (adapt) ..... adaptation  
 adapter ..... adapter  
 analyze ..... analyser  
 assumption ..... assumer  
 atmosphere ..... atmosphère  
 average ..... moyenne  
 axis ..... axe

**B**

balance ..... balance  
 beaker ..... vase a bec  
 boiling point ..... point d'ébullition

**C**

camouflage ..... camouflage  
 categorize ..... catégoriser  
 celsius ..... celsius  
 centimeter ..... centimètre  
 characteristic property ..... propriété  
    charatéristique  
 classify ..... classifier  
 climate ..... climat  
 collect data ..... cassembler  
    donnee  
 compare ..... comparer  
 composition ..... composition  
 compound ..... composer  
 conclusion ..... conclusion  
 conclusion based ..... conclusion basée  
   on data ..... sur donnée  
 condensation ..... condensation  
 condense ..... condenser  
 conduct (an esperiment) ..... conduire une  
    expérience  
 conserve ..... conserver  
 conservation ..... conversation

credibility ..... credibilite  
 critique ..... critique  
 cycle ..... cycle  
 controlled experiment ..... controller l'expérience  
 control ..... control  
 contrast ..... contraste, opposition  
 constant ..... constant

**D**

data ..... donnée, indication  
 decrease ..... diminuer, décroître  
 demonstrate ..... démontrer  
 dense ..... dense  
 density ..... densité  
 dependant variable ..... variable de  
    dependent  
 describe ..... décrire  
 description ..... description  
 design ..... désigner  
 determine ..... déterminer  
 develop ..... développer  
 diagram ..... diagramme  
 differentiate ..... différentier  
 dissolve ..... dissoudre  
 distinguish ..... distinguer  
 draw a conclusion ..... tiré une conclusion  
 droplets ..... gouttelettes

**E**

ecosystem ..... ecosysteme  
 erode ..... eroder  
 erosion ..... erosion  
 evaluate ..... évaluer  
 evaporate ..... évaporer  
 evaporation ..... évaporation  
 evidence ..... evidence  
 examine ..... examiner  
 experiment ..... expérience  
 experiment design ..... dessin d'expérience  
 explain your ..... expliquer votre  
   reasoning ..... raisonnement  
 explanation ..... explication  
 explore ..... explorer  
 extinct

**F**

fahrenheit ..... fahrenheit  
 fair test ..... cxamen juste  
 findings ..... frouvant  
 force ..... force  
 formulate ..... formuler  
 friction ..... friction  
 function ..... fonction

**G**

graduated cylinder ..... cylinder graduel  
 gram ..... grame  
 gravity ..... gravité

**H**

habitat ..... habitat  
 hemisphere ..... hemisphère  
 hypotesis ..... hypothese

**I**

identify ..... identifier  
 increase ..... augmenter  
 independent variable ..... variable independent  
 infer  
 interact  
 interpret ..... interpréter  
 investigate ..... investiguer

**J**

joules ..... joules

**K**

kilogram ..... kilograme

**L**

life cycle ..... cycle de vie  
 liter ..... litre

**M**

mass ..... masse  
 materials ..... materiels  
 metal ..... mtal  
 meter ..... metre  
 meter stick ..... regle metrique  
 microscopio ..... microscope  
 milliliter (ml) ..... millilitre  
 mixture ..... mélange  
 model ..... modèle  
 moisture  
 molecule ..... molécules  
 motio ..... mouvement

**N**

natural resources ..... ressources naturelles  
 neutrons ..... neutrons  
 newton ..... newtons  
 nonmetal ..... nonmetal  
 nutrients ..... nutritifs

**O**

object ..... object  
 observe ..... observer  
 observation ..... observatiom  
 offspring ..... progeniture  
 orbit ..... orbite  
 organism ..... organisme  
 organize ..... organiser  
 oxygen ..... oxygene

**P**

particles ..... particules  
 pattern  
 perform an experiment ..... faire une experience  
 photosynthesis ..... photosyntheses  
 position ..... position  
 precipitation ..... precipitation  
 predict ..... predire  
 prediction ..... prediction  
 pressure ..... pression  
 procedure ..... procedure  
 process ..... proces  
 property ..... propriete

**R**

range ..... direction, alignment  
 record (data) ..... registrer,  
 documenter (donnée)  
 reliability (data) ..... sécurité  
 reproduce ..... reproduire  
 resources ..... ressources  
 result ..... résultat  
 revolve ..... tourner  
 revolution ..... révolution  
 rotate ..... pivoter  
 rotation ..... rotation

**S**

scale..... echelle  
scientific observation ..... observation scientifique  
separate ..... séparer  
sequence  
soluble ..... soluble  
solution..... solution  
speed ..... vitesse, rapidité  
state of matter..... état de la matière  
structure..... structure  
substance ..... substance  
surface ..... surface  
support with data..... support avec donnée  
survive..... survivre  
synthesize ..... synthétiser

**T**

technique ..... technique  
temperature ..... température  
tension ..... tension  
tentative..... tentative  
testable question..... question testable  
theory ..... théorie  
trials..... essai, expérience

**V**

valid..... valider  
variable..... variable  
volume..... volume

**W**

water cycle ..... cycle d'eau  
weather ..... temps  
weathering..... géologie, hydrologie  
weigh..... peser  
weight..... poids  
work ..... travailler
