

# BEING BILINGUAL

*From country to country,*

*Because our family didn't want us hungry.*

*Looking for a better life*

*Learning a new language since I was five*

*Starting to translate,*

*Everything I heard in the whole state*

*Having a better education,*

*Now I am helping kids from different nations*

*Being bilingual gives me opportunities to make new friends*

*It is a great story and it still doesn't end.*
